At the conclusion of the interview, **state:**

"The final element of our interview this year is a review of the medications you are currently taking. However, before we do that, I want to thank you, on behalf of Dr. Whooley and the entire Heart & Soul staff, for your continued participation in our research study. The Heart & Soul study continues to gain national notoriety as our results are published in several medical journals. With your help, we are making a positive contribution to the improvement of the health of cardiac patients. As a small way of saying thanks for completing this interview, we will be sending a check for \$10.00 to you shortly. Also, as I mentioned last year, we will be calling you in the future to schedule a free heart check-up for you here at the VA in San Francisco. We look forward to seeing you in the future; please let us know if you move or change your telephone number.

Now, let me get a list of your current medications. "
